MD SHAHIN ALAM

Supply Chain & Warehouse Operations Professional | E-commerce Fulfilment, Inventory & Returns

Dhaka, Bangladesh | +880 1772222668 | shahin4l.bd@gmail.com | linkedin.com/in/shahin4l

Available to relocate to Ireland | Employment permit sponsorship required

PROFESSIONAL SUMMARY

Results-driven Supply Chain and Operations professional with 8+ years of professional experience, including 7+ years in e-commerce logistics, fulfilment, inventory control and returns management. Led teams of up to 190+ personnel across 11 operational functions handling 70,000+ parcels daily. Delivered a 80% reduction in handling errors, a 40% reduction in turnaround time (TAT) and a 15% cost saving through process redesign, SOP development, inventory control and the shift from manual to semi-automated workflows. Holds a PGD in Logistics & Supply Chain Management (demand and inventory planning, procurement, supply networks) and a BSc in Electrical & Electronic Engineering, with hands-on e-commerce business experience and strengths in automation and technology-driven operations.

CAREER HIGHLIGHTS

- Reduced handling and counting errors by 80% with a CCTV-verified basket process, floor identification and merchant handling guidelines.
- Reduced turnaround time by 40% and operating cost by 15% through semi-automation, manpower optimization and tighter item control.
- Lead 190+ staff across 11 functions incl. Central Sorting Operation, Inventory Management, Return Validation, Investigation & Reconciliation (Carrybee).
- Managed 220,000+ parcels per day with 180+ staff at 97%+ SLA and SOP compliance (Pathao).

CORE COMPETENCIES

Warehouse & Inventory: Inventory Control, Warehouse Operations, Fulfilment, Returns & Reverse Logistics, Stock Reconciliation, Investigation & Issue Resolution, Item Handling Standards.

Supply Chain & Planning: Demand & Inventory Planning, Supply Network Management, Procurement Fundamentals, Capacity Planning, Green Logistics, Transport Coordination.

Process Excellence: SOP Development, Process Flow Design, Lean Methodologies, Bottleneck Analysis, Cost Reduction, Semi-automation of Manual Processes.

Data, Technical & Leadership: Data Analysis & Reporting, Barcode/QR Systems, CCTV-based Monitoring, PLC Automation; Team Lead Management, Training, Recruitment & Onboarding.

PROFESSIONAL EXPERIENCE

Assistant Manager – Operations *Jan 2026 – Present*

Carrybee Express Ltd., Dhaka, Bangladesh – courier and e-commerce logistics company, a concern of US-Bangla Airlines.

- Lead 190+ staff through team leads across 11 functions, including, Central Sorting Operation, Inventory Management, Return Parcel Validation, Central Return, Investigation & Reconciliation, Issue Resolution and Reprocessing & Resolution.
- Oversee daily workflows handling 70,000+ parcels and Sub-Sort operations at 5 regional locations outside Dhaka (Bhanga, Sirajganj, Cumilla, Bhairab, Chattogram).
- Reduced sorting and handling errors by 80%: replaced manual counting with a CCTV-verified basket process, added name plates with reflective stickers and floor taping to prevent wrong routing, set handling guidelines for liquid and fragile merchant items and designed protective boxes for TVs.
- Reduced turnaround time (TAT) by 40% by moving key processes from manual to semi-automated workflows: the put-to-number (PTN) process, gate-pass printing in two clicks, automated return validation with auto task assignment, AI-assisted data entry, and upload no-entry order images on time to notify merchants promptly; brought dispatch forward from 6:00 AM to 3:00 AM.
- Reduced operating cost by 15% through manpower optimization, stronger item control and an Order Management System (OMS) app solution that reduced device requirements & increases productivity.

Senior Executive – Operations *Nov 2024 – Dec 2025*

Carrybee Express Ltd., Dhaka, Bangladesh

- Analyzed operational bottlenecks and implemented data-driven solutions to improve cross-departmental processing workflows.
- Managed new project initiatives from planning through field execution, aligning timelines with executive KPIs.
- Directed recruitment, resource sourcing and onboarding to scale workforce capacity during peak e-commerce seasons.

Senior Operations Associate *Jun 2023 – Oct 2024*

Pathao Ltd. (Courier Operations), Dhaka, Bangladesh – leading multi-service technology platform in Bangladesh, incl. courier and logistics

- Supervised 180+ employees and managed zonal hub operations processing 220,000+ parcels daily.

- Streamlined return-parcel logging and inventory control to reduce processing errors.
- Maintained 97%+ SLA and SOP compliance across the territory, including rider network and fleet allocation.
- Coordinated cross-functional process discovery initiatives to improve turnaround time and reduce delivery friction.

Operations Associate *Sep 2019 – May 2023*

Pathao Ltd. (Courier Operations), Dhaka, Bangladesh

- Coordinated inbound team movements, parcel dispatch schedules, workflow documentation and operational data logging.
- Maintained zone-level service consistency by monitoring automated sorting pipelines and auditing physical inventory.

Service Engineer *Aug 2017 – Apr 2018*

Concrete Technology, Dhaka, Bangladesh

- Handled installation, configuration and preventive maintenance of batching plant machinery.
- Programmed and integrated PLC networks to automate industrial processes.

Earlier experience: Office Assistant, International Human Rights (ASHOK) Foundation, Oct 2018 – Feb 2019 – prepared legal documents and press correspondence, managed the Facebook page and produced design and photo edits in Adobe Photoshop. Self-employed e-commerce business – Mar 2019 – Aug 2019.
